Holy Trinity Cemetery Draft Short Form RV1 03-22-16 EMD.docx

Yes. I blind copied you when I submitted to management on Tuesday. Attached. It is based off of NFB. There is probably some wording that you would want to change. Also, I obviously would like you to verify the nuclide numbers. I have to fill in the yellow highlighted...finances, figures, etc. The purpose of the submittal was to get the verbal going. Thanks

Did you send me HTC AM?

Sent from my iPhone

Begin forwarded message:

Thanks Jim. The financial estimate includes everything we need. We do not need to do a property boundary survey, if that is what you are asking.

The action memo draft I submitted is based on the NFB Action Memo. However, Lyndsey needs to review the HTC Action Memo. Even though most of the wording is the same, she will need to review. I submitted the draft to management in order to assist in the verbal justification. Once Lyndsey has reviewed, we can move forward with concurrence. I think you can tell Walter that regardless because the document shouldn't take long.

Thanks

Eric We will ask for \$150K do you need to do an actual survey with stake outs for the different areas? fence corner locations? that will cost a few bucks more. I reviewed your short form AM this morning and other than including some additional information it should be good to go. I talked to Joe yesterday and he is on board with us moving ahead. Lets try to complete the action memo today and even though it is not necessary to get a verbal, it would be good to tell Walter that the Action Memo is being routed for concurrence already.

Good Morning:

Below is the financial breakdown for the HTC verbal. Attached is the document with specific breakdowns. The activities include utility survey in Areas 1 and Areas 2, fencing in Areas 1 and 2, moving of dirt in Area 2, clearing of grass, brush and trees in Area 3 for assessment work. I am hoping to visit the site with the RM the week of April 4<sup>th</sup> and mobilize with Weston/ERRS the week of April 18<sup>th</sup>.

Please let me know if you need anything else on my end for the verbal request. Thanks.

<b>Extramural Costs:</b>	<b>Requested Funding</b>	<b>Rounded</b>
Regional Allowance Costs:(Total cleanup contractor costs include labor, equipment, materials and laboratory disposal analysis) includes 20% contingency		
	\$120,877.92	\$120,900.00
Other Extramural Costs not Funded		
From the Regional Allowance:		
Technical support (RST2)	\$20,457.58	\$20,500.00
Subtotal, extramural costs	\$141,335.50	\$141,400.00
Extramural Costs Contingency (10%)	\$14,133.55	\$12,600.00
<b>Total Removal Project Ceiling</b>	<b>\$155,469.05</b>	<b>\$154,000.00</b>

**Subject:** Holy Trinity Cemetery

Good Afternoon:

I am waiting for more specific cost estimates for ERRS and Weston tasks. Once I have that, I can present my verbal request language. I have attached a draft cost estimate spreadsheet.

Can I get the most recent language of a verbal request? I do want to get the

verbal request out ASAP due to the planning required with ERRS. Weston has been involved in the assessment process. Obviously, without a removal action, ERRS has not been involved with planning and has yet to visit site. Once the verbal is authorized, besides the subcontracting aspect, I would like to do a site walkthrough with the RM prior to the proposed April 18<sup>th</sup> mobilization.

Attached is my draft Short Form Action Memo. This is based on the recently submitted Niagara Falls Boulevard Action Memo and a short version action memo provided by management. However, the action memo still needs to be reviewed by Lyndsey. I am submitting as per Jim's request below.

Thanks

**Subject:** FW: 4NYSRadSitesResponse SCAN.docx and Pure Earth

Thanks for this document, in respect to the Holy Trinity Cemetery site, Eric Daly and I had a conversation yesterday afternoon and we are going to ask for a verbal sometime this week to install the fencing around the hot spots during the month of April. I asked Eric to prepare a short form AM that will cover that action and should have that ready for distribution in the next few days. Eric mentioned that because of the precedent setting nature of these rad sites that this may require HQ concurrence? Constructing a fence? Cost? We are going to use the same justification for this Action memo and subsequent Am so I don't want to predict how we will need to obtain the concurrence on this fence job. We may be able to obtain concurrence by a phone call since we are doing this in an expedited way. Please let me know if you want to talk more about this especially if this requires concurrence by HQ.

Pure Earth:

Has anyone taken a look at the Pure Earth Action Memo that I sent to everyone electronically on Friday. I have asked Christine to prepare a routing package on that today so we can get that moving through the concurrence chain.

Thanks
